## **DECLARATION OF MICHAEL ROBINSON**

I, Michael Robinson, hereby depose and stated as follows:

- 1. I am making this declaration voluntarily. I understand that my position at Leggett & Platt, Inc. ("Company") is in no way affected by me making this declaration. I have not been promised anything of benefit by Company for making this declaration, and I have not been threatened by Company in any way in connection with this declaration. I was assured by Company that I was free to give this declaration or not, without promise of benefit, threat of reprisal or any other impact on my employment. I understand that this declaration concerns the circumstances surrounding the signing of a pro-union petition, and may be introduced into evidence in a case between the Company and the NLRB.
- 2. I work at the Company's Winchester plant (plant #002), and have been represented by the International Association of Machinists Union, Local 619 ("Union").
- 3. I saw a notice on the Union's bulletin board at the plant announcing a meeting scheduled for January 18, 2017 at the Union hall to discuss strike pay and insurance benefits during a strike. This posting has since been taken down. I attended the meeting. At the meeting, I signed the document attached as Exhibit A because I understood that I had to sign it in order to get strike pay and insurance benefits. The document I signed on January 18 did not state, "We the undersigned members of the International Association of Machinists and Aerospace Workers, Local Lodge 619, support the Union at Leggett & Platt, Inc." at the top of the page. Rather, the top of

the page was blank. It appears to me that the language at the top of the page on Exhibit A was added after I signed it.

I declare under penalty of perjury that the foregoing is true and correct. This Declaration was executed in the county of <a href="#">Clark</a>, State of Kentucky, on this <a href="#">22</a> day of <a href="#">May</a> 2017.
